Eight days ago at the Waikerie Hotel ARB Riverland 300 Hadyn and Neil Vanstone were doing what they love; off road racing against some of the best class 2 competitors from across South Australian and the country.

Unfortunately, for the brothers, their weekend of racing ended abruptly with an on track incident mid way through their fourth lap.

Hadyn explains “we were caught and passed by a class 4 truck. What we didn’t know was that there was a class 1 buggy right behind and, well, we had a coming together which caused both of us to roll.”
