

As the sunsets over Stackpoole, teams from today's racing at the ARB Town and Country Tyres Stackpoole 400 are congregating in the Starlight Dining Room for trophy presentations and the communal roast dinner.

The event has been split into two races with classes 2, 3, 5, 6, 66, 7 and 8 taking to the track today with the remaining classes, Unlimited, classes 1 and 4 hitting the 60km course Sunday at 8am.

Prologue was also separated into two groups with the Saturday's competitors having first run at the 18km Stackpoole track. Last years Saturday victors, son and father team, Steven and Daryl Graham again topped the time sheets to secure pole position for today's racing, however, an engine misfire found in the first service break after three laps ended their dream run.
