**THE GAP - POSTPONED**

A significant rain event last night and another forecasted in the coming days has left the Griffith Off Road Club with no other option than to postpone the ARB TCT The Gap 400 scheduled for next weekend.

Griffith Off Road Club President Karl Power explains “we’ve had a fair amount of rain here in the last month and last night 50mm plus fell on the track. There’s another significant rain event forecast for next week, which has left us with no other option than to postpone our event until the track dries out.”

The Club are currently looking at options for a new date and discussing their options with the ARB Australian Off Road Championship Committee and would anticipate announcing a new date in the next couple of weeks.
