- There is a \$40 fee which will be payable via Credit Card or EFT at
- Registrations are not valid until payment is received.

Competitors that finished 1st, 2nd or 3rd in their respective classes in the

## 2020 AORRA NUMBER REGISTRAT

With the 2020 season fast approaching, the Australian Off Road Racing Association (AORRA) have opened competition number registration for 2020. Teams looking to secure their numbers for competition at AORRA/AASA sanctioned events can jump online to the [offroadracing.com.au](http://offroadracing.com.au) online entry system to renew a 2019 registered number or register a new number. [ [click here](#) ]

AORRA has maintained the registration fee at \$40 and it is payable on completion of the online form via credit card or EFT. Teams who registered their number in 2019 will have first option to those numbers; however, the renewal process must be complete by 31st March 2020.

As numbers are registered, the number and name on the drop-down list will be greyed out and the complete list will be automatically updated. As the registrations are checked and approved, the status on the list will change from Pending to Approved.

Competitors that finished first, second or third in their class in the 2019 ARB Australian Off Road Racing Championship and met the eligibility criteria, will be able to wear their designated number (1, 2, 3, 101, 203 etc) at AORRA/AASA sanctioned events for 2020. AORRA will reserve their regular number and renew it at no cost.

The list of class winners is below. The competitors on this list will still need to log in and complete the registration form and select their number and name from the competitor number dropdown lists to confirm that they wish their number to be held.

If you encounter any problems during the registration process, please contact the help desk ([help@offroadracing.com.au](mailto:help@offroadracing.com.au)). If you have a 2019 registered number and will not be renewing it, please also contact the help desk and let us know so we can add the number back into the available pool.

Good luck to all competitors for this upcoming season.
